Current wording: (if applicable)

B: vii) Provide Financial Accounting of all team funds to parents and BWA no later than April 15

Proposed wording:

All competitive teams that collect team funds must distribute a detailed, itemized budget on a regular monthly basis to all caregivers.

Rationale for change:

This allows for transparency of the team, and allows for caregivers to have a better understanding of where their funds are being spent as well as having better indication on where the teams spending is at. Will parents be receiving monies back or will they owe at the end of the year? With no policy in place this means that not all teams are receiving accurate or up to date information and there are too many unknowns. Teams are holding tens of thousands and of dollars and transparency is essential
